

*long the night*

Longthenight is a side project by multi-instrumentalist Derrick Stemborg, best known for his electro tracks on *Drifting in Silence*. Longthenight brings a new atmosphere to his already thought-provoking sound, combining timeless guitar riffs and acoustic piano with a refined yet moving tone. Alternating between darkly brooding and subtly light qualities, the songs deliver strong imagery and explore new levels of music and art.

Longthenight

1. As we walk
2. Wither
3. A simple time
4. Omnia
5. Lake
6. Dublin @
7. Shame
8. To Touch the Ground
9. Night
10. Fall
