After two years and more than 30 releases, defining and refining the tonatom style while building up an innovative and international bunch of artists. This is our first long play release, sentimentally celebrating the second anniversary of tonatom. It contains 15 tracks by tonatom artists, remade by other tonatom artists, and three tracks have been contributed as "dedicated to the tonatom sound" tracks. tonatom turned out to be exactly that "something special" in sound and style" we've wanted it to be. prepare for great releases to come and enjoy this retrospective of the first two tonatom years. and yes: there are even more dreams. my thanks go out to the team (alexander, axel, carsten, matthias and sabine) and our incredibly talented artists around the world. and to all the melodic audience supporting us and appreciating our work by downloading and listening.
